

CLASSROOMS

Our spacious themed classrooms offer a fun and enjoyable experience for your child, it's a place they can proudly call their own. Our Junction Theatre classroom allows for a variety of station opportunities for your child to choose the daily activities they would like to participate in. It also provides additional opportunities for Wii, DDR, karaoke, foosball, Apple Computers and a Friday Night Movie after 4:00 pm. Our location inside the Princeton Club West also gives us access to the gymnasium and rooftop soccer field for a variety of sporting events and group games.

As part of our classroom layout, we provide a quiet reading and homework area for children to work in. Here they can get a jump start on their homework before heading home or other activities. Individualized homework help is also available for children that may need extra help with practicing what they are learning in school.

TEACHERS

Our teachers are selected because of their energetic, outgoing and fun-loving personalities that enhance their ability to positively guide young children. Your teacher is supported by a team that includes teacher aides, office and kitchen staff, facility maintenance and housekeepers.

BEFORE & AFTER SCHOOL ADVENTURE CLUB

ages 5 - 12

Building Strong Mind, Body & Christian Character

Learning Center

Kids Junction is a state licensed facility offering a safe environment where your child can come before and after their regular school day and non-school days. We provide a safe and nurturing Christian environment for your child to learn and grow!

Mission

Kids Junction's mission is to partner with families to establish patterns of life-long development in mind, body and Christian character during a child's most formative years. In order to do this, we've created the best environment possible with a state of the art facility and quality teachers.
